

Richmond Record-Herald

VOL. XXVII.—FOURTEENTH YEAR

RICHMOND, CONTRA COSTA COUNTY, CAL.—FRIDAY, MARCH 26, 1915

NUMBER 53.

CRAZED TEAM WRECKS MAN AND VEHICLE

Picked up in a dazed condition by Motorman J. C. Madsen and Conductor E. C. Moore, employees of the street car company, Paul Losman, a driver for the Oakland Soda Water company, today, where he had been pitched from his seat by his horses having become frightened, to the Cottage bar, corner of Twentieth street and Macdonald avenue where he was given medical attention.

Losman when picked up by the car crew was lying almost in the path of the street car in an unconscious condition while his team had wrecked itself a few hundred yards further, against a telephone pole.

Just how the horses happened to become frightened and run away Losman was unable to say. He remembers nothing other than he tried to use the foot brake on the wagon which falling to stop the maddened animals he attempted to leap to the ground with the result that he was caught by the whip-stock and then hurled under the wagon, the wheels passing over his body.

The wagon was demolished to a mass of kindling wood while the horses received several bad cuts which necessitated their being placed in the care of a veterinarian.

It is the belief of the police who were notified of the affair that Losman is suffering from internal injuries.

SENATOR PHELAN IS ENTERTAINING MARSHALL

Vice President Marshall and wife, accompanied Senator James D. Phelan to his Saratoga farm this afternoon where a reception will be held for the guests and all the people of that section will have the honor of meeting the distinguished statesman.

Tomorrow the party will remain at the Phelan farm and in the evening they will depart for San Diego and from thence in a few days for the East and Washington.

BABE TEARS SCALP IN FALL FROM HIGH PORCH

While playing on the back porch of her parents' home, at 237 Eleventh street, little Alice Edlemon, the two-year-old daughter of Mr. and Mrs. L. E. Edlemon lost her footing and fell to the ground sustaining several scalp wounds and lacerations about her face.

The little girl was treated for her injuries at the office of Dr. H. N. Barney.

AUSTRALIANS ARE APPLAUDED AT SHOW

The members of the Young Australian League who received considerable applause for their singing and vaudeville acts at the Lincoln school auditorium last evening were: Gordon Williams, baritone, whose rendition of the "Deathless Army" was a decided hit; a vocal duet between Clyde Borkwood and Jack Lillis; Scotch folk songs by Bobby Frew and a gymnastic act by eighteen of the troupe.

From this city the members of the Young Australian League left for Antioch, where they will hold a performance this evening.

CHARITY BALL IS PLANNED FOR CITY POOR

Final plans and preparations have been completed for the monster charity ball to be held in Moose hall on the evening of April 5th, under the auspices of the fraternal and civic bodies of this city, the funds of which are to be used toward the poor and needy.

Tickets for the dance may be secured from the various committees or from the Record-Herald, Independent, or Daily News office.

Jack Lucas is quarantined in his home on Eighth street, near Macdonald avenue.

MAN KILLING HORSE CAUSED DEATH OF ROBERT FOUNTAIN

Startling is the discovery which leaked out today and was given to the local authorities that the horse which kicked to death on Wednesday evening Robert Fountain, a stable hand in the employ of Contractor James Rutherford, was one of the team which on June 7th, 1912, ran down Mrs. H. N. Barney, wife of Dr. H. N. Barney of this city while she was sitting in an automobile at the corner of Bissell avenue and Fourth street.

Although it is claimed by employees of Contractor Rutherford that the horse is but four years of age this is contradicted by several blacksmiths who have been called upon at various times to shoe the animal and were forced, owing to its vicious disposition, to place the "stocks" on its feet that their work might not be so hazardous.

The remains of Robert Fountain occupy a slab at the Smallwood undertaking parlors awaiting the arrival of a son this afternoon from Calaveras county.

NEW EIGHT-CYLINDER CAR INTERESTS MOTORISTS

The first eight-cylinder automobile offered to the public in this city is the King, the agency of which is held by H. A. Johnston, who is also selling the Maxwell in Richmond. One of the new model King demonstrators has been received by Mr. Johnston and it is claimed by expert automobile men who have looked it over that the machine is all that is claimed for it by manufacturers.

MANY SPECIAL TRAINS WILL RUN THOUSANDS WILL ATTEND APRIL 3RD

After numerous changes and rearrangements of fare schedules the Southern Pacific, Santa Fe and the Oakland and Eastern Railways, upon which will fall the burden for transporting the thousands who will attend the exposition on Contra Costa day, April 3rd, have completed their details.

The announcements are being printed in pamphlet form and will be sent about the county, but it would be wise to cut the following out in order to be ready when the big day looms up:

Southern Pacific—Leave Tracey at 5:55 a. m.; Byron 6:23; Brentwood 6:33; Nerely 6:40; Antioch 6:46; Pittsburg 6:55; McAvoy 7:03; Bay Point 7:18; Avon 7:23; Peyton 7:25; Martinez 7:32; Port Costa 7:45; Crockett 7:50; Oleum 7:57; Rodeo 8:00; Pinole 8:07; Giant 8:14; San Pablo 8:19; Richmond 8:24; Stege 8:27; Oakland 8:45; San Francisco, arrive, 9:30.

Round trip rates from point named above are as follows:
Exposition rates—Byron \$2.50; Brentwood \$2.50; Antioch, 2.00; Pittsburg 2.00; Peyton \$1.50; Martinez \$1.50; Port Costa \$1.50; Crockett \$1.25; Oleum \$1.25; Rodeo \$1.25; Pinole \$1.00; Giant \$1; San Pablo 75¢; Richmond 75¢; Stege 75¢.

Week end rates—Byron \$2.30; Brentwood \$2.30; Antioch \$1.95; Pittsburg \$1.80; Bay Point \$1.50; Avon \$1.65; Peyton \$1.50; Martinez \$1.50; Port Costa \$1.50; Crockett \$1.25; Oleum \$1.00; Rodeo \$1.00; Pinole \$1.00; Giant 85¢; San Pablo 65¢; Richmond 45¢; Stege 45¢.

On arrival of the special train at 16th street, Oakland, at 8:45 a. m. those desiring to go direct to the Panama Pacific Exposition grounds will leave the train at 16th street, Oakland, and there take special Key Route cars direct to the Panama-Pacific Exposition grounds at an extra charge of 25 cents.

A special train will leave on the Southern Pacific on the boat leaving the Ferry building at the foot of

VALUES TIDELAND PROPERTY AT \$12,500

A petition for probate of the will over tidelands adjoining Richmond's outer wharfage and pierhead line in this city, and owned by Mrs. Francis C. Barker, deceased, of Reno, Nevada, was filed in the Superior Court at Martinez today.

The value of the tideland property is estimated at \$12,500.

ATTEND FOREIGN MISSION MEET TODAY

Mrs. J. A. Long, wife of the advertising man of the Record-Herald, together with Mrs. Guy A. White, wife of the pastor of the Presbyterian church of this city, were in attendance at the meeting of the Women's Foreign Mission held in the parlors of the First Presbyterian church in Berkeley this afternoon.

U. S. SUBMARINE IS REPORTED TO BE LOST

WASHINGTON, March 26.—Trapped at the bottom of Honolulu harbor under at least thirty-five fathoms of water—probably more—the United States submarine F-4 lies helpless with her commander and at least eighteen men in what is feared to be one of the worst submarine boat disasters in the world's history.

More than twenty-four hours of effort to raise the sunken boat or get a signal from her crew has failed. Her marker buoy, which should come to the top to mark her resting place in such an emergency, has failed to appear. The surface at thirty fathoms is covered with oil of the submerged boat's tanks.

Navy department officials fear one of two calamities—that the F-4 struck a rock and that her crew were drowned by the rushing waters, or that there was an internal explosion.

While hope for the men has not been given up, the gravest fears are entertained that they may have been lost in the first submarine boat

RADKOVITCH SETTLES UP, THEN MOVES

Michael Radkovitch, an Austrian residing at 224 West Seaside avenue and recently convicted of having run a "blind pig" establishment in his boarding house, was frustrated today from sneaking out of town with a load of furniture by Justice of the Peace John Roth.

Radkovitch, who rented from Justice Roth, had a furniture wagon call recently at his home where it was loaded with household goods, getting beyond the city limits before being apprehended by the law.

But his plans which he thought so secretive, went astray, for the furniture wagon was just turning from Tunnel avenue into Richmond avenue when out into the middle of the roadway walked Deputy Constable V. A. Floyd with an attachment in his hand.

Of course the driver stopped for Deputy Constable Floyd had a firm hold on one of the reins, at which Radkovitch unloaded from his seat and wanted to know what the trouble was, at which Floyd replied that there was no trouble, only that Justice Roth wished to have a quiet little talk with him.

According to Justice Roth, Radkovitch had contracted to pay his rent in advance and owing to the fact that he had remained in the house six days over his allotted time made him liable to another month's rent.

Judge Roth asked Radkovitch for \$15.00.

Radkovitch pulled a \$10.00 bill from his pocket saying that was all he had.

They squabbled for several minutes with the result that the teamster chartered to move the "ex-blind pigger," came to the rescue with the agreement that they compromise, in which Radkovitch was to pay \$12.50.

Judge Roth would not for a minute consider the proposition and it was only when Radkovitch told him to go ahead and attach the furniture, including all his personal belongings that he finally consented to accept the \$10.00 bill.

disaster of the United States navy.

On the face of meager official reports which said the F-4 disappeared at 9:15 o'clock yesterday morning, after making a dive during maneuvers and that constant grappling and diving has failed to locate her definitely, naval officials fear the boat may have slipped over a ledge on the volcanic rock bottom of the harbor into some deep pocket out of reach of help.

The diving record of a man is 240 feet; the world's diving record of

TWO \$5.00 PRIZES

A prize of \$5.00 is offered by the Richmond Savings Bank, for the best essay on "The Advantages to a Community of a Savings Bank," written by any Grammar School student of Richmond or San Pablo, and another prize of \$5.00 will be given for the best essay on the same subject by any student of the Richmond Union School.

Essays should be delivered to the Bank on or before May 1st, 1915.

TURKEY MAY SUE FOR PEACE, IS REPORT

ATHENS, March 26.—Turkey has broken with her German advisers and is about to sue for peace, according to newspapers here. They say that "reliable private advices from Constantinople" are the basis of the reports.

LONDON, March 26th.—Another terrific duel between the fleets of the allies and the forts of the Dardanelles opened today, according to dispatches from Athens. The strong gale which swept through the straits and delayed operations for several days has ceased. It is believed the supreme effort to smash the Turkish fortifications along the world-famed passage to the Ottoman capital has begun.

Reports from Tenedos, the island rendezvous of the allies' fleets, report that the French transports have

ELECTRIC BATTLESHIPS FOR THE NAVY

Information is given out that this country is to have the first great electric superdreadnaught and her name is to be "California." According to the Technical World, this wonderful fighting machine is to be built at the Brooklyn navy yard within the next two years, at a cost of seven millions. "For years past," says that magazine, "inventors and electricians have cherished the dream of an electric battleship in the full sense of the word. Gradually our modern warships have been electrified until it seemed as though any of them might merit the title of an electric craft. Practice has progressed until every task aboard ship, from peeling potatoes to turning the monster gun turrets, is performed by electricity. However, there was one—and only one—remaining task of driving the armorad through the water that electrical enthusiasts longed to see accomplished by the magic current, but the working out of this idea presented apparently insurmountable difficulties." But, little by little, these difficulties were overcome until finally the announcement came that an electrical superdreadnaught was a certainty.

Specifications provide that the California must be the largest battleship ever constructed for the United States navy. Its length will be 624 feet, its breadth 97 feet and its displacement 32,000 tons. A main battery of twelve 14-inch guns and a torpedo defense battery of twenty-two 5-inch rapid fire guns will comprise the fighting equipment.

There will be no direct connected turbines in the electrical arrangement, the power being transmitted to the propellers through low-speed motors. Four screws will drive the great fighting machine and there will be two separate installations for them.

But, we are warned by the Literary Digest, the battleship, like all others, will have to take on coal. "The coal will be fed to boilers by grumpy stokers and burned to turn water into steam. This steam will propel the ship, but not directly. The turbines through which it forces its way will drive huge electric generators, and the current thus produced will be led to the vessel's stern, where it will turn propellers by means of enormous electric motors."

Few persons realize the amount of supplies being purchased in the United States by the different nations at war. The largest single order for sugar ever given was placed in the United States last week by the English government. It consisted of more than 2,000,000 bags of 100 pounds each. A remarkable fact connected with the war and one which is hard to explain is that the consumption of sugar in the United Kingdom has increased since the war. Much sugar is used as a luxury and the usual effect of war is the curtailment of luxuries.

Villa says Mexico is flooded with counterfeit money. Anything that will pass without a fight will please the people.

ELECTIONS IN MIKADO'S EMPIRE

Japan is soon to have a popular election by which domestic policies and, possibly, also the foreign policies of the empire will be determined. For the first time in Japan's history a popular election is expected to affect the national policy.

There is a real alignment of the people, the masses against the bureaucracy and the aristocracy. For the first time the acts of the elder statesmen are subjected to popular judgment. The premier will represent the parliament instead of, as formerly, representing the emperor.

The populace is seething, it is said, with new ideas, with resentment against the governing classes and with a determination to make the interests of the people paramount.

The Japanese constitution resembles that of the German empire. The actual Japanese social and political conditions also resemble those of Germany before this war. We have seen great popular victories practically nullified in the German reichstag by combination of the reactionary elements with the crown. The chancellor represents the kaiser.

What the popular party proposes for Japan is rather the English ideal of empire. According to that conception, the Japanese policy would not be to browbeat, to daunt, to exploit the Chinese, but to increase the sympathies, interests, trade, community of ideas, between the kindred races.

SITUATION BECOMING ACUTE

The San Francisco Journal of Commerce, from information gathered from authoritative sources, declares that the far reaching adverse effect of the European war on the general trade of the world is becoming more acute as the months go by. The most serious factor, perhaps in this situation is the shortage of tonnage. Thousands of tons of freight, for instance, are piling up in Hongkong because the number of ships available to move it is not adequate to the task. Reports from Shanghai and North China generally and from Japan indicate similar conditions there also.

There is likewise a sharp demand for tonnage from Indo-China to move the new rice crop. The German and Austrian ships which carried at least 15 per cent of the Far East trade, of course disappeared from the sea with the outbreak of the war, and the British government commandeered a large portion of the tonnage of the Canadian Pacific, British India, P. & O., and other British lines. The French government has also taken over many merchant vessels under the French flag for war purposes.

Germany is at war with thirty peoples, according to one of their statisticians. It looks like a few others may be added to that formidable list soon.

The state department admits the "gravity of the situation" with alarming frequency.

INSURANCE FUND PROFITS FOR EMPLOYERS

The State Compensation Insurance Fund, the insurance enterprise of the State of California, led all competitors in 1914, writing net premiums of \$547,161, or \$144,000 in excess of the writings of its closest competitor.

The operating expense of the "Fund" (other than claims) amounted to only 8% of net premiums, a showing of economy never equalled by any state insurance fund in competition.

Fifteen per cent of all premiums earned in 1914 is now being returned to policyholders (except those who paid only the minimum premium). This return is being made as the actual payroll of employers is ascertained, and about one-half the entire sum has actually been paid to date. In addition, the "Fund" has an unapportioned surplus of 28%, which will be returned to 1914 policyholders when the excess of legal reserves over actual losses is determined and withdrawn.

This additional surplus, subject to distribution, will be apportioned to each employer in such measure as the experience on the risk has contributed to the surplus in the class; the class surplus to be determined by ascertaining to what extent the earnings in each class

have contributed to the total surplus of the "Fund." In this manner, the employer is encouraged to promote safety, because by preventing accidents, he will participate to a greater extent in the return, and such method of refunding premiums also tends to correct any relative unfairness in initial rates. The plan further carries out the intent of the Compensation Act that the State Compensation Insurance Fund shall provide insurance for employers at actual cost.

The Mirror of Spring Fashions

Reflecting the Highest in Quality Style & Workmanship

Beautiful Creations for Easter

Here is a wealth of millinery beauty that will be a revelation to the ladies of this city. Never before has such a wonderful collection of pretty hats been gathered together under one roof in the city of Richmond. Representatives of the creations from the hands of master milliners of the world are here in great profusion. However, the prices of exclusive millinery stores are not tacked onto them, but they're sold on the same small margin of profit that we sell the other necessities of a woman's wardrobe. You'll appreciate these dainty creations of headwear and appreciate their very modest prices.

SENATE ADOPTS SONG FOR THE STATE

Ned Hamilton, the Legislature correspondent of the Examiner, at Sacramento, in writing up actions of the Senate in advocating a state song "I Love You, California," has the following to say:

"Now, you'd expect something better of the Senate, wouldn't you? Some traditions of dignity, courtesy and high-mindedness have come down to that body. But here the Senators gave the most assinine example of what ridiculous depths popular government can descend to that I have observed in many sessions."

"It was all over the State song. 'Now a State song is of far more moment to California than a by-pass or a salary raise, the appointment of a commission or the election of a public officer. It is something on which the State is to be judged by cultured people around the world. A noble anthem would do more to advertise the State than all the prune horses, orange pyramids and canned asparagus that could be piled in the continuing expositions of the cities of the earth. An uninspiring and inartistic song would tell the peoples that California is in the 'Down Went McGinty' stage of musical development, and that probably its art, science and social order were similarly crude and undesirable."

"But the Senate treated the whole subject as a Bill Scott josh. On Wednesday it laughed away 'I Love You, California;' then it laughed the thing back again, and voted to let Imperial California be known to the world through the medium of an evanescent popular shame the ragtime output of George Cohan or the efforts of a grammar school lad in the first stages of poetical measles."

"Scott moved to consider the vote by which his get-up-dick musical farce had been refused a place as the State song. There was an instant laugh at the low comedy. Senator Duncan jocularly complained that Scott's sing-song neglected to advertise the scenic wonders and bucolic attractions of Northern California. So he offered a metrical amendment, of about the same mental caliber as the original, in words and figure of speech following, to wit:

"On page 2, line 22, after the word 'chorus' insert the following:
"I love you, dear Mount Lassen.
You always smoke for me.
I love you, dear ripe olives.
You will fill me full of glee.
I love you, Sutter Basin.
Tho' you make the Senate swear,
I love you, noble State House.
And I love the fellows there."

SPORTING NOTES

The Pacific Coast League is the first to open its schedule. Next Tuesday is the day.

Wrestling comes to the front at the Frisco fair grounds next week. Amateurs from the east and the middle west will be there on April 16th.

The Havana racing meet, which was extended to please the Cubans, will end tomorrow. The Cubans are strong for racing, and the meet was called a success.

Charley White and Leach Cross are to meet in a ring battle in New York on Monday. White will then meet Duffy or Griffiths at Buffalo on his way west.

The speed maniacs will again be in their glory tomorrow at Venice, California, where a 300-mile motorcycle speed classic will be pulled off.

The spring racing season for the thoroughbreds opens next Thursday at Bowie. Two weeks later the steeds will be seen at Havre de Grace, with Lexington to follow.

Governor Carlson of Colorado is a clever boxer. When he dons the gloves he means business, and slams in. He has lost two teeth in his career, but asks no quarter.

The New York bowling tournament will practically wind up the season for the pin-hitters. The remaining event is the tournament at Boston of the Atlantic Coast Bowling Association, which will start on April 29th.

It has been figured out by some patient calculator that the National League baseball clubs will travel 82,593 miles during the regular league season this year.

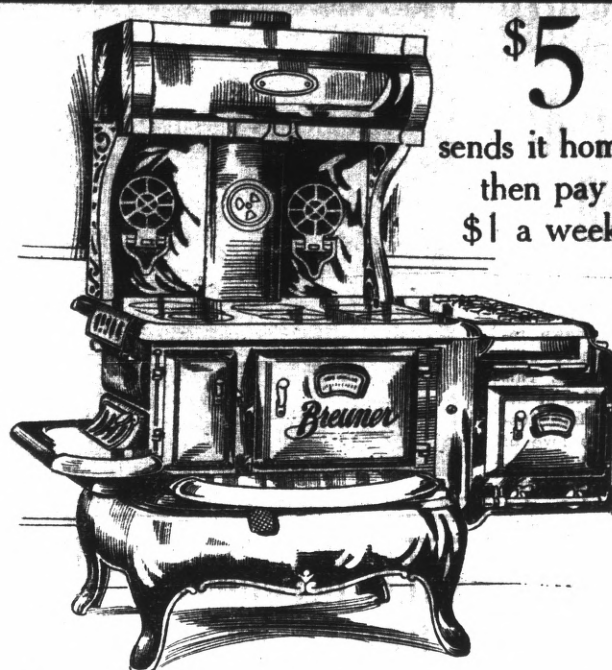

ANNOUNCEMENT

I. D. Dearborn & Son, grocers on 2nd street, between Macdonald and Nevin avenues, are from this date, February 25th, giving Home Trading Stamps.

GRIPPING RUSSIAN LOVE STORY AT RICHMOND

A Russian love story that has all of the grip of the orient is "The Tigress" which is being shown today at the Richmond theatre with Olga Petrova in the title role. This story deals with the cruelties of the official system of the old time Russia and is based upon the love of a mother for her babe and her desire for revenge upon the man who attempted to ruin her and to slay her husband. Olga Petrova is probably the most brilliant of all Russian actresses and her interpretation of this part has been widely commended.

Two thousand feet of film is shown in "Fatty and Mabel's Simple Life" which comes from the studio of the Keystone company for the comedy feature of the bill today. "Shadows and Sunshine" is a one reel drama in which there is plenty of dramatization to suit all. One of the star acts which is to be featured at the Sunday afternoon and evening show of the Richmond theatre is to be the "Man Beast" in which Beatriz Storm, with an ample company, played for two weeks at the Empress theater in San Francisco.

U. S. SUBMARINE IS REPORTED TO BE LOST

(Continued from Page One)

A submarine made by an American boat, the F-1, a sister ship of the F-4—is 233 feet. If the F-4, by accident or otherwise, has gone deeper, it is feared the tremendous pressure of the waters has crushed her shell.

Early today the Navy Department received this dispatch from Commander Charles E. Smith, commanding the first submarine division of the Pacific fleet off Honolulu:

"F-4 left tender at 9 a. m. for merged run March 25. Failed to return to surface. Entrance of harbor is thirty fathoms deep. It is covered with fuel oil. Diving and dragging."

Commander Smith's mention of the entrance of the harbor being covered with oil created great alarm at the Navy Department. It was feared that the F-4 had struck a rock, although it was pointed out

NOTED REFORMER CALLED BY DEATH

Fairfax Wheelan, one of San Francisco's most prominent men, died at 7:30 o'clock this morning at his home, 1233 Taylor street.

The end came peacefully. His two sons, the wife and a sister, Miss Naomi Wheelan, from Santa Barbara, were at the bedside. Death was due to a lingering illness from which he had suffered for more than six months.

Mr. Wheelan was a native of San Francisco, born 58 years ago, and at the time of his death was vice president of the Southern Pacific Milling company.

He came into prominence during the graft prosecution in San Francisco, being one of the leaders instrumental in launching the clean-up campaign of the city's political corruption.

TURKEY MAY SUE FOR PEACE, IS REPORT

(Continued from Page One)

landed 26,000 men to attack the fortifications at Smyrna. The landing was carried out under the guns of the warships off that Turkish city.

The latest news concerning the Dardanelles attack stated that it opened at 5 o'clock yesterday afternoon.

First two battleships entered the straits and bombarded the fortifications at Killid-Bahr until darkness fell.

Today the same two battleships, with others, returned to the attack.

The warships were preceded into the channel today by a fleet of thirty mine sweepers. These had remained in the Dardanelles all night and steamed to the front this morning with the first appearance of the battleships as they swept up from their anchorage off Tenedos.

Energetic response to the allies' fire was drawn at once from the forts and from Krupp guns posted on Erenkoi Heights.

The bombardment was described as even more powerful than that of March 18, and the impression was general in Athens that this attack would be pressed home with a determination to reduce at least some of the forts without regard to consequence to the attacking fleet.

Later dispatches from Tenedos state that the British battleships Triumph, Queen Elizabeth and Agamemnon and the cruiser Cornwall today participated in the operations, protecting the work of the mine sweepers Tuesday afternoon and night.

At 10 o'clock on Wednesday fire was drawn from the Turkish batteries on Erenkoi Heights, and this was followed by a cannonade by Fort Killid-Bahr.

After the Turks had fired five shells the Triumph, Queen Elizabeth, Agamemnon and Cornwall fired twenty rounds each. The fire was very accurate and is believed to have silenced some of the batteries.

The bombardment lasted only fifteen minutes, but as a result the mine sweepers were able to work all day Wednesday, with satisfactory results. They retired Wednesday night because a new storm broke.

"No matter what sacrifices are necessary, we shall force the Dardanelles," was the statement of Rear Admiral Guepratto, commander of the French fleet, according to dispatches today from the International News correspondent at Tenedos, the fleet headquarters.

The London Daily Chronicle says the United States ambassador at Constantinople has been asked to communicate to the allies the proclamation of a neutral zone for foreigners. This extends from Magrykol, on the Marmora to Bebeck, on the Bosphorus.

HERB DOCTOR MAKES SPECIAL OFFER TO DIS- COURAGED SUFFERERS

MANY HAVE BEEN CURED BY
THESE WONDERFUL HERBS.

To convince the most doubtful, we will give to any one mentioning this announcement, a seven days' treatment of herbs at half price. At the end of this trial you will be able to judge for yourself just how efficient this herb treatment is. We have letters of thanks for cures on almost every known disease. These letters from local and out-of-town sufferers are open for our inspection at our office. The following letter is one that will be of interest to hundreds of men and women who have been suffering and been unable to find relief at the hands of doctors and patent medicines:

Richmond, Cal., Jan. 2, 1915.

Dear Drs. Chan and Kong:
I have suffered from rheumatism, kidney and bladder trouble for years and have tried many doctors and most of the advertised preparations without getting cured. I was completely cured by you in three weeks, and since then I have not suffered at all. I will be glad to meet any one who wishes to talk to me personally, and tell them at great length just how much you did for me and how grateful I feel. Sincerely yours,

(Signed) PAUL LORD,
709 Alvarado Ave., Richmond, Cal.
Stop suffering—come at once and consult (absolutely free) these leading Chinese Herb Doctors. No matter what your disease there is hope of speedy recovery. Doctors Chan and Kong are located at 901 Clay, Cor. 9th street, Oakland, Calif. advt.

CALIFORNIA TOWEL SUPPLY CO.

Towel service furnished offices, barbers and bars. We supply coats and aprons. We furnish the supply—you use it. Cheaper than buying your own. Branch office, Record-Herald building, telephone 70. Telephone your order and the mail will call on you.

OLD-TIME COLD CURE— DRINK HOT TEA!

Get a small package of Hamburg Breast Tea, or the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold. Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF, ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "dozing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia. Limber up! Get a 25 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

ASSESSOR'S OFFICE

1915 NOTICE TO TAXPAYERS

All persons, firms, companies, corporations and associations are required to deliver at the Assessor's office, Martinez, immediately, a statement under oath of all the property, both real and personal, owned or claimed by him, her or them, or in their possession, or held in trust for others, at 12 o'clock meridian, on

FIRST MONDAY OF MARCH, 1915

In accordance with the new constitution. Refusal or neglect to make such sworn statement of all property owned or held in trust, will subject the person so refusing or neglecting to make such sworn statement to the full penalty of the law. Immediate attention is necessary, as work on the roll has already been commenced. Proper blanks may be had at the Assessor's office or of his deputies.

All statements must be in the Assessor's office on or before the 1st day of May, 1915.
G. O. MEYER,
County Assessor.
First publication March 4, 1915.
Last publication June 1, 1915.

PROPER DRAINAGE FOR LAND VERY IMPORTANT

More than ten per cent of the irrigated lands in the United States which have had water for any considerable period of time are now either absolutely unproductive or given over to poor pastures and unprofitable crops, according to the United States Department of Agriculture. Waterlogging and the accumulation of harmful mineral salts are responsible. Even in some of the most recent irrigation projects serious injury from these causes has been wrought.

Methods of reclaiming land which has fallen into this condition forms the subject of a new bulletin of the Department (No. 190), "The Drainage Of Irrigated Land." Drainage supplemented by proper methods of cultivation, cropping, and irrigation, will restore these waterlogged areas to a condition in which they can be farmed with profit, the bulletin points out. Proper drainage will accomplish four objects: (1) the lowering of the ground-water table to a depth where the moisture and air within the root zone will be properly balanced; (2) the creation of an outlet for percolating water, so rapid removal of excess moisture following spring thaws; and (4) the creation of an outlet for the downward moving water used to dissolve out the injurious salt. Incrustations of alkali salts and the presence of highly alkali-resistant plants are frequently indications of overirrigation. In some cases ponds, bogs, and marshes are also found, but in others there are no visible signs of excessive wetness and its existence can only be inferred from its effects upon vegetation. The bulletin calls special attention to the difference in drainage practice between the arid and the humid regions, and emphasizes the need for thorough knowledge of underground conditions.

To drain areas of this character will cost, it is estimated, on the average farm from \$10 to \$20 an acre except under unusual conditions when the cost may run as high as \$50 an acre. Both open canals and covered conduits are in general use. The open canals, however, are intended primarily for the main outlet systems in which provisions must be made for a considerable flow of water. The covered drains are for farm drainage proper, although, except for the additional expense, they could be used equally well for the main outlets. As a matter of fact, although they cost more than the open canals, the maintenance charges are usually lower, much valuable space is saved, and cultivation and irrigation are much easier with them than with open canals. Where covered conduits are employed they are usually made either of cement or clay tile. In some localities lumber box drains are used, but this is usually advantageous only in isolated places where lumber is cheap and transportation rates high. The life of such a drain is reasonably long if the lumber is continuously wet, but if alternate wetting and drying takes place, the material may last only a few years.

In properly drained land bacterial activity is increased and more plant food provided by the admission of air into the soil to take the place of the excess water which has been removed. The downward movement of water through the soil also leaches out the excess of harmful salts, and this is one of the most important functions of drainage in the irrigated sections. The water removed by the drainage system may be employed for the irrigation of other areas, thereby increasing the available irrigated area. Furthermore, drained land may be plowed earlier

STOPS HEADACHE, PAIN, NEURALGIA

Don't suffer! Get a dime pack of Dr. James' Headache Powder.

You can clear your head and relieve a dull, splitting or violent throbbing headache in a moment with a Dr. James' Headache Powder. This old-time headache relief acts almost magically. Send some one to the drug store now for a dime package and a few moments after you take a powder you will wonder what became of the headache, neuralgia and pain. Stop suffering—it's needless. Be sure you get what you ask for.

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat which clogs Kidneys then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders. You simply must keep your kidney active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless, inexpensive, makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

INTERESTING FREE BIBLE LECTURES IN COLLEGE HALL

There are only four more lectures remaining of the series in God's plans and purposes concerning mankind, that are being given every Sunday at 3 P. M. in College Hall, 4th & Macdonald Ave.

The existing Social and financial conditions that are world wide are causing people to think. As they see nation rising against nation and kingdom against kingdom (Matt. 24:7) many are turning to God's word to find out what it all means and marvelous to relate God's word tells us all about it.

Don't fail to hear the following lectures. Many of your doubts will be changed to certainty for "we have the prophetic word more confirmed, to which you do well, taking heed in your hearts; as to a light shining in a dark place, till the day of dawn, and the light brighter may arise." 2 Pet. 1:19 (Emphatic Diaglot).

Auspices of the local Ecclesia of Associated Bible Students.
Mar. 28th—"Why God permits evil." F. H. Driscoll.

A well-known druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble. It is only trouble. —Advt.

ALL WRONG

The Mistake is Made by Many Rich-
mond Citizens.

Look for the cause of backache.
To be cured you must know the
cause.

If it's weak kidneys you must
set the kidneys working right.
A Richmond resident tells you
how.

"I was troubled with pains in my
hips and loins," says Mrs. James
Wright, of 1119 Roosevelt Ave.,
Richmond. "I was almost laid up.
I got up in the morning feeling so
tired, lame and worn out that it was
all I could do to start my house-
work. My kidneys were weak and
if I caught cold, it always made me
feel worse. I tried everything I
heard of, but didn't seem able to
get relief until I began taking Doan's
Kidney Pills. After I had used four
boxes, all the ailments had gone
and my health was fine. I haven't
had a sign of kidney complaint
since."

Price 50¢, at all dealers. Don't
simply ask for a kidney remedy—
get Doan's Kidney Pills—the same
that Mrs. Wright had. Foster-Mil-

HAVE DARK HAIR AND LOOK YOUNG

Don't stay gray! Nobody can tell
when you darken gray, faded hair
with Sage Tea and Sulphur

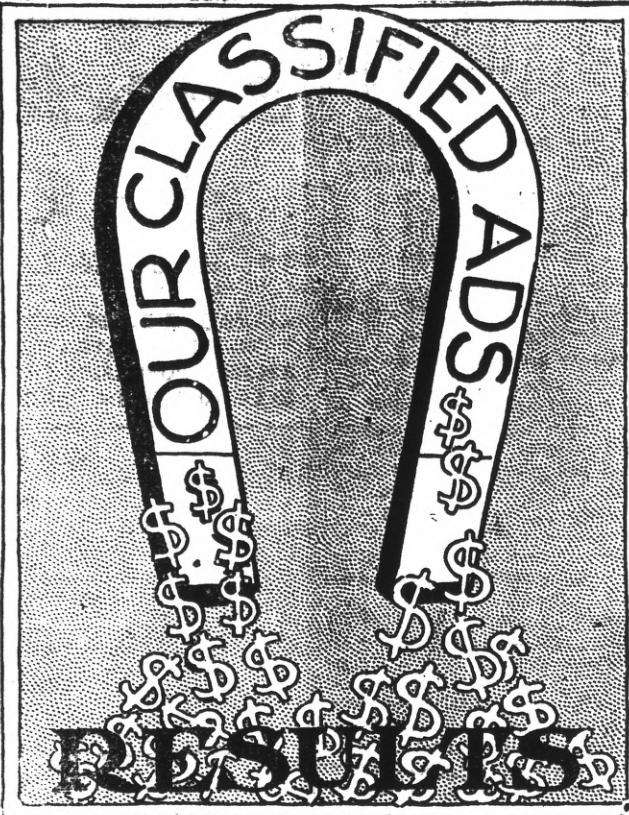

Grandmother kept her hair beau-
tifully darkened, glossy and abun-
dant with a brew of Sage Tea and
Sulphur. Whenever her hair fell
out or took on that dull, faded or
streaked appearance, this simple mix-
ture was applied with wonderful ef-
fect. By asking at any drug store
for "Wyeth's Sage and Sulphur Hair
Remedy," you will get a large bottle
of this old-time recipe, ready to use.
For about 50 cents. This simple
mixture can be depended upon to re-
store natural color and beauty to
the hair and is splendid for dandruff,
dry, itchy scalp and falling hair.

A well-known downtown druggist
says everybody uses Wyeth's Sage
and Sulphur, because it darkens so
naturally and evenly that nobody
can tell it has been applied—it's so
easy to use too. You simply dampen
a sponge or soft brush and draw it
through your hair, taking one strand
at a time. By morning the gray
hair disappears; after another ap-
plication or two, it is restored to its
natural color and looks glossy, soft
and abundant.

Do Not Drug Yourself

The time for Spring ailments
is here. If your system is not
up to standard, call on—

WOMEN WANT TO SERVE ON JURIES

All grand juries will include women in their membership, and every trial jury involving a feminine defendant or plaintiff will contain at least two women. If the Legislature and Governor follow the lead taken by the Senate Judiciary Committee, which recommended without a dissenting vote passage of the Butler bills requiring women on juries. In cases where only men are involved the presence of women in the jury box is made optional.

Two dozen women, braved the smoke-laden atmosphere of the committee-room to urge their case. Miss Gail Laughlin of San Francisco, presenting their argument, said:

"These bills are advocated by organizations representing 75,000 who believe that woman's viewpoint should be represented on juries as well as man's. In the vital things of life both viewpoints are essential to get true justice.

"Put yourselves in our places. If all the Judges were women and all the juries were women do you think that you men would feel as though you would stand equally and fairly before the law? Just visualize a topsy turvy world. Do you think it would be fair?"

No word was spoken against the bills.

Returns From Trip.

J. F. Kelly, of the firm of Kelly & Olney, proprietors of the Fair department store in this city, returned last evening from an extensive trip throughout the northern part of the state.

WANTED—Clean cotton rags; suitable for cleaning machinery, at well as man's. In the vital things of life both viewpoints are essential to get true justice.

HAVE A GOOD LAUGH AT THE ORPHEUM

Full to over-flowing with brilliant bits and sparkling with the prestige and luster of great names, the new show that opens at the Oakland Orpheum Sunday bids for to be rated by the keen critics as perhaps the smartest and most noteworthy of the year.

It includes three great headline features, these being Howard & McCane who are of national fame; Bonita and Lew Hearn who have just returned from a year of brilliant successes in London and Margaret Jarman with a half dozen great operatic singers in a condensed version of "Carmen."

As a writer of songs and musical shows, there are few better known and more popular young men today than Joseph E. Howard, the Chicago composer, who with the clever little comedienne, Mabel McCane, present a lively and bright act. No less successful as a comedian and singer, is Mr. Howard. He is a born entertainer.

Bonita, a particularly fascinating young woman, equally renowned for her ability as for her beauty, and Lew Hearn, an eccentric comedian of tried and true quality, have reunited and are again contributing to the gaiety of vaudeville.

Music lovers will hail with sincere delight the news that one of the greatest stars of the National Opera Company, Margaret Jarman, will appear with a half dozen of the greatest singers of that great organization, at the Orpheum next week in a condensed version of that immortal opera, "Carmen." The world tour made by the National Opera Company with Constantine at its head ended at the Golden Gate and the Orpheum Company was quick to secure the cream of this organization to render a version of "Carmen" in the theatres of the Orpheum Circuit.

Jack Kennedy and company will bring the laughable comedy, "The Flare Back" of which Willard Mack is the author.

A great European novelty will be found in the performance of Lamberti, known as the master musician whose impersonation of celebrated composers are conceded to be in a class by themselves.

Sonia Baraban and Charles C. Grohs, although American dancers, are better known abroad than here. They went to London unknown, to secure an engagement with the revue called "Come Over Here" at the London Opera House, scored an emphatic hit and left there to be prominently featured in the English music halls.

Burdella Patterson, the original Fleurette and the original Visions D'Art, has created another series of artistic poses. She has posed for the leading artists of sculptor in Europe and America. She is of French descent, the famous General Lafayette having been a cousin to her great grandmother.

The Crowells give a whirlwind conglomeration of juggling. A good deal of speculation is always aroused as to whether the Crowells in feminine attire is man or woman. It is claimed that no woman could perform such feats of strength, and it is then pointed out that no man could do these things as gracefully.

March 27—Whist party for exposition tickets by Contra Costa Temple, Pythian Sisters, at Pythian Castle. Score cards 25¢.

LOCAL MENTION

Pertinent remarks about well-known People in Richmond Happenings about Town

Submits to Operation.

Tony Magillo, well known Pullman employe, submitted to an operation at the Craven hospital yesterday for appendicitis. Dr. W. E. Cunningham and Dr. H. L. Carpenter were the attending physicians.

Sister Ill.

Mrs. Julius Stiefvater, wife of the proprietor of the "Big Store" on the west side, was informed yesterday of the illness of her sister, Mrs. Mae Gruwel in Tulare.

Returns From Trip.

Mr. and Mrs. J. P. Malone returned last evening from a short trip spent in the northern part of the state.

Has Narrow Escape.

Had it not been for the prompt arrival of Dr. U. S. Abbott at the home of Mr. and Mrs. R. H. Cunningham, 530 Ohio street, last evening, it is probable that their two-year-old daughter, Carmelita, might have died a terrible death as the result of having swallowed a quantity of rat poison.

Has Eye Removed.

Mrs. Luke Moore suffered the removal of her right eye at the Craven hospital yesterday as the result of a growth which had impaired her sight for many years. Dr. W. S. Lucas was the attending physician.

To Hold Thinking Social.

The members of the First Methodist church will this evening hold a Thinking Cap social in the reception parlors of the church at which time J. Lamore and Vernile Reed will act a puzzle containing the names of two prominent physicians.

Given Lecture.

George Oliphant, the fourteen-year-old son of Mrs. Elizabeth Oliphant was severely reprimanded by Police Judge Lindsey yesterday for having committed a number of minor depredations.

Here From San Jose.

Miss Caroline Bedwell is visiting relatives in this city while on a vacation from the normal school at San Jose.

Brick Yard Opens.

The Los Angeles Brick company yesterday commenced the manufacture of compressed bricks for the new city hall.

Adopts Orphan.

Mr. and Mrs. J. Lalonde residing at the Alta apartments, corner of Fourth street and Macdonald avenue, adopted a little girl from the San Francisco orphanage.

Cooking Demonstrations.

Further cooking demonstrations will be held this afternoon at the Richmond Club house on Nevin avenue by Mrs. Edna Evans.

Repered Better.

Fred R. James, residing at 141 Sixteenth street, who was operated on at the Craven hospital several days ago, is reported as considerably improved.

Accepts New Position.

Charles H. Robertson, former superintendent of the Oakland Traction railway has accepted a position with the Standard Oil company.

Hit in Eye.

Lawrence Silva, an employe of the Santa Fe shops, received a nasty cut in his eye yesterday afternoon as the result of having been struck with a piece of flying steel.
